Samsung UN40D6500 40" 480 CMR 3D Ready 1080p LED HDTV (UN40D6500)

Customize your own entertainment, with the power of Samsung UN40D6500 Smart TV.
The 40-inch Samsung UN40D6500 LED TV lets you go further into a world of
entertainment - by customizing your own. Samsung Smart TV delivers a
web-enabled portal to the best of the entire internet, along with
Samsung apps and the ability to search content both online and on your
TV. The journey continues with advanced 3D technology, for an immersive
experience with your favorite 3D movie titles and TV programming.
Ironically, you'll make these deeper connections on a TV that's
impressively thin the ultra slim bezel lets your eyes disappear into the

Samsung UN40D6500 Benefits:• Samsung Smart TV• Experience 3D excitement on your TV• Built-in WiFi

Samsung UN40D6500 Special Features:

Smart TV with Web Connected Apps & Web Browser

Samsung Smart TVs allow you to easily search for movies, TV shows, browse the web, explore Samsung apps, chat with friends and find many other types of new interactive TV content. Samsung Apps is a growing collection of premium apps specifically built for your TV that connects you to your favorite digital content such as movies from Netflix or Blockbuster, TV shows from Hulu Plus, videos from YouTube, Next Level sports information from ESPN, Music from Pandora, and social updates from Facebook or Twitter. The Samsung LED 6500 Series Smart TV also includes a Full Web Browser to navigate the internet, a Search All feature so you can find videos via apps or other connected devices and a recommendation engine which suggests movies you might like from your Video-On-Demand services. Samsung Smart TVs allow your digital experiences to converge on a

Samsung UN40D6500 40" 3D Ready 480 CMR 1080p LED HDTV (UN40D6500)

brilliant HD screen.

3D HyperReal Engine

The driving force behind the amazing colour and realistic images of Samsung's new LED TVs is the innovative 3D HyperReal Engine. By optimizing performance and image enhancement, the Samsung 3D HyperReal Engine provides the most vibrant and crystal-clear Full HD images in 2D and 3D.

Full HD 3D TV

Get closer to reality. Samsung's full HD Plasma TVs boast twice the resolution of standard HD TVs, for richly textured, naturalistic pictures that captivate your mind and elevate your viewing experience.

Clear Motion Rate

Clear Motion Rate by Samsung measures the true clarity performance of Samsung LED TVs. Using the Chipset and the TV Panel and the backlight together, the CMR measurements expresses the TV's true ability to resolve detail in fast moving images.

Ultra Clear Panel

The Ultra Clear Panel on Samsung LED TV efficiently absorbs external light and effectively eliminates reflection, providing you with real, natural colour and deep, dynamic

Samsung UN40D6500 40" 3D Ready 480 CMR 1080p LED HDTV (UN40D6500)

detail that deliver a clearer, more comfortable viewing experience.

Wide Color Enhancer Plus

See the world's true colours. Samsung's Wide Color Enhancer Plus uses an advanced algorithm to drastically improve image quality – even displaying subtle tones and details that less advanced TVs cannot reproduce.

Connect Share Movie

Tap your digital devices. ConnectShare Movie transforms your TV into a home entertainment theatre - simply plug in your USB memory drive or connect your hard disk drive to screen the movies, photos and music stored there.

Built-In Wi-Fi

Reduce the cable clutter. Samsung now allows you to wirelessly connect your TV to your home network and experience content from all your connected devices right on your TV.

ENERGY STAR

The new series 6 LED TV line up meets the latest ENERGY STAR certification criteria, setting a new standard for

Samsung UN40D6500 40" 3D Ready 480 CMR 1080p LED HDTV (UN40D6500)

eco-efficiency.

Smart Hub

Smart Hub is a portal to all your Smart TV's features. Start with an array of convenient Apps and services that are continually being added. Search All of those Apps and services for the content you want while watching live TV. Your Video examines your viewing habits and begins to recommend similar content you might enjoy.

Samsung Apps

Unleash the true potential of your Samsung Smart TV by accessing the world's first TV App store with the widest variety of Samsung Apps for TV available today. They provide you with a quick and easy way to access your favourite content through your Samsung Smart TV.

Skype HD Video

Skype is a free internet video calling service that allows users to communicate with each other. Historically each user would need a PC and specific software as well as a web cam, now just create an account and communicate with friends and family worldwide directly through your TV.

Search All

Enjoy the ease of searching for information or content through the convenient Search All feature on Smart Hub. You can perform your search in one of two ways. The first method is through the Smart Hub user interface. The Smart Hub UI provides you with the easy-to-use tools to find exactly what you're looking for, the other way is to search

Samsung UN40D6500 40" 3D Ready 480 CMR 1080p LED HDTV (UN40D6500)

while watching TV.

Your Video

Gain access to your movie guide with Samsung's Your Video feature. Your Video allows you to watch and preview movie clips and TV programs from your TV through a customized recommendation service for video and content. What's more, you'll even receive key information like a brief synopsis and user ratings to help you make an informed choice.

Social TV

Stay connected with friends and family with Samsung's Social TV feature. With Social TV, you can share your viewing experiences through blogging and chatting services, like Facebook, Twitter, and Google Talk, all while watching live TV!

Allshare

Bring it all together. AllShare wirelessly connects to compatible devices through DLNA technology so the movies, photos and music stored on them can be viewed, listened to and shared on your TV.
